Dear Robert:

Enclosed for your signature are the Declaration and Assignment relating to the above-identified patent application, which we filed after your review but before we could obtain your signature on the enclosed documents.

If everything is in order, please sign both documents in the specified locations. Thereafter, please return the signed documents to us as soon as possible in the enclosed, self-addressed FedEx envelope. Please note that a separate copy of the documents have been sent to James Okamoto.

The Rules of Practice before the Patent and Trademark Office impose upon all the inventors and those substantively involved in the preparation and prosecution of the patent application a duty of candor and good faith in dealing with the Patent Office. This duty includes a duty to disclose to the Patent Office all information known to that individual to be "material" to patentability. This disclosure is accomplished by filing with the Patent Office an "Information Disclosure Statement" in which this information is listed.

Failure to bring to the attention of the U.S. Patent and Trademark Office all material information relevant to the subject matter of the application of which you are aware may
